Subject Index

Abstracting, reclassifying, patent documents	17(1), 42
Access to foreign patents in USPTO	17(3), 183
AIDS database on Internet	17(1), 65
All-Russian Scientific Research Institute for patent Information (VNIIPI)	17(1), 35
Annual technical reports 1993, reviewed	17(1), 41
Annual technical reports 1994, reviewed	17(4), 267
Australia, patent information products	17(4), 252
Awareness of intellectual property rights in UK	17(2), 115
Bureau search services in UK Patent Office	17(2), 120
Canada, automation of patent operations	17(3), 159
CAplus, new database from CAS	17(1), 64
CD-ROM gene therapy database	17(1), 64
CD-ROM, launch of CASSI	17(2), 139
CD-ROM, PatentView from Derwent	17(3), 208
CD-ROMs, details of installation in large European company	17(2), 107
CD-ROMs, 5 years experience	17(2), 106
CD-ROMs in Swiss Intellectual Property Office	17(1), 21
CD-ROMs in USPTO foreign patents access	17(3), 183
CD-ROMs, MIMOSA mixed mode software	17(2), 112
CD-ROMs, PatentView database	17(1), 9
CD-ROMs, use in developing countries	17(2), 124
Changes in 6th edition of IPC, new detailed sub-divisions	17(1), 5
China, patent documentation	17(1), 52
China, patent information products	17(4), 252
Chinese patent law, 10th anniversary	17(4), 263
Competition between patent offices and commercial patent services	17(2), 85, 91
Competitor analysis in developing research policy	17(3), 201
Compulsory licence under new Ghana patent law	17(4), 235

Computerisation in patent offices	17(1), 43, (4), 268
Computerisation in Swedish Patent Office	17(3), 173
Computerised and other search systems	17(1), 43
Computerized trademark search systems in USA	17(2), 132
CXF software, chemical exchange format from CAS	17(1), 65
Data processing in Swiss Intellectual Property Office	17(1), 21
DECnet, used with CD-ROMs	17(1), 22
Derwent Publications, development	17(2), 91
Design of patent information services in developing countries	17(2), 124
Developing a patent system in Ethiopia	17(1) 29
Developing countries, patent information services	17(2), 124
Dissemination of patent information in Russia	17(1) 35
Dissemination of patent information by UK Patent Office	17(2), 115
EPIDOS, development of Mimosa software	17(2), 112
EPO, patent information products	17(4), 249
EPOS database	17(4), 257
Ethiopia, Patent system	17(1), 29
European Patent Register online	17(1), 66
European patenting, compared to US and Japan	17(2), 100
Foreign patent access in USPTO	17(3), 183
Foreign patent filed in China	17(4), 263
Foreign patents filed in Ethiopia	17(1), 30
Fuller, R. B., the prolific inventor	17(3), 199
Fullerenes, patents	17(3), 195
Future developments in IPC	17(1), 5
GATT, and changes to Indian Patent Act	17(3), 193
Gene Therapy database	17(1), 64
Ghana - new patent law	17(4), 235
Hong Kong, patent documentation	17(1), 54
Hybrid systems, 6th edition IPC	17(1), 5
Indexing systems in the IPC 6th Edition	17(1), 5

India, amendment of Patents Act following GATT 17(3), 193
India, patent information products 17(4), 253
India, survey of patent information 17(4), 241
Indonesia, patent documentation 17(1), 55
Information dissemination in Spain 17(3), 179
IPC, features of 6th edition 17(1), 5
Japan, patent documentation 17(1), 55
JPO, patent information products 17(4), 251
Jukeboxes, experiences of large European company 17(2), 108
Korea, South patent documentation 17(1), 57
Legal status of EP and EuroPCT online 17(1), 66
Licensing training packages in UK 17(1), 63
Malaysia, patent documentation 17(1), 58
Malaysia, patent information products 17(4), 252
Mimosa, mixed mode CD-ROM software 17(2), 112
Mongolia, patent documentation 17(1), 58
New Zealand, patent documentation 17(1), 59
Official exchange of patent documents 17(1), 45
Pacific rim countries, survey of patent documentation 17(1), 48
Patent costs in Europe, opinions about 17(2), 105
Patent documentation from Pacific rim countries 17(1), 48
Patent extension directories from Derwent 17(2), 139
Patent information market, distortion due to offices 17(2), 88
Patent information, review of situation in India 17(4), 241
Patent information services in developing countries 17(2), 124
Patent information, value to users 17(4), 245
Patent lifetimes, effects of US changes 17(2), 97
Patent office royalties, effects on commercial database producers 17(2), 95
Patent offices, competition with commercial patent services 17(2), 85, 91
Patent offices, dissemination of information 17(2), 85
Patent offices, 1993 technical reports, reviewed 17(1), 41

Patent offices, 1994 technical reports, reviewed 17(4), 267
Patent offices, proposed role 17(2), 89
Patent protection, use of in Europe 17(2), 100
Patent renewals, tends in USPTO 17(4), 225
Patent searching in a large European electrical company 17(3), 165
Patent system, Ethiopia 17(1), 29
PatentView CD-ROM, an evaluation 17(1), 9
PatentView, computer requirements 17(1), 9
PatentView for Windows from Derwent 17(3), 208
PatentView, searching 17(1), 9
People's Republic of China patent documentation 17(1), 52
Pharmaceuticals, use of SPCs in Europe 17(3), 189
Philippines, patent documentation 17(1), 60
Political issues in patent information area 17(2), 91
Public services for US trademarks 17(2), 133
Renewal fees, review of trends in USA 17(4), 225
Review of 1993 patent office reports 17(1), 41
Russia, development of patent information dissemination 17(1), 35
Russian State Patent Library 17(1), 35
Russian Federation for patents and trademarks (ROSPATENT) 17(1), 35
SciFinder from CAS 17(1), 64, (3), 208
Search file establishment 17(1), 44
Search files in patent offices 17(1), 44, (4), 270
Searching PatentView CD-ROMs 17(1), 9
Singapore, patent documentation 17(1), 60
SME's, use of patent protection in Europe 17(2), 101
Software protection, UK situation 17(1), 63
South Korea, patent documentation 17(1), 57
Spain, patent information and R&D policy 17(3), 177
SPCs, statistics on use for pharmaceuticals in Europe 17(3), 189
Statistics of patent filing in China 17(4), 263

Supplementary protection certificates 17(3), 189
Swedish Patent Office, computerisation 17(3), 173
Swiss Intellectual Property Office, activities 17(1), 21
Synonyms for searching 17(4), 257
System design, TECHSOURCE in Canadian Office 17(3), 159
Taiwan, patent documentation 17(1), 60
TECHSOURCE, automation of Canadian Office 17(3), 159
Trademark information, classification and indexing in USA 17(2), 131
Trade Mark Law, new UK 17(1), 24
Trademarks, 1993 activities in USA 17(2), 130
Trends in patenting, fullerenes 17(3), 195
Trilateral offices, development of Mimosa software 17(2), 112
UK, new trade mark law 17(1), 24
UK, patent information products 17(4), 250
UK Patent Office, provision of patent information 17(2), 115
USA, change to patent lifetime, effects on patentees 17(2), 97
USA, 1993 annual report of trademark activities 17(2), 130
USA, patent information products 17(4), 251
